WORK EXPERIENCE

Freelance Short-Form Video Editor

Apr 2026 - Present

Underscore Talent - Daily Wire client work for Ben Shapiro & Matt Walsh

- Edit 50+ short-form videos per week for Daily Wire personalities including Ben Shapiro and Matt Walsh.
- Optimize primarily for Facebook, with additional versions for TikTok, Instagram Reels, YouTube Shorts, and other social platforms.
- Deliver fast-paced edits with strong hooks, captions, story clarity, and platform-specific pacing while preserving each talent's voice.

Video Editor

2023 - 2026

Ryan's World - Sunlight Entertainment

- Edit and produce short-form and long-form video content and thumbnails for one of YouTube's largest channels with 50M+ subscribers.
- Manage deliverables across Ryan's World, Kaji Family, and The Studio Space while maintaining consistent brand voice.
- Optimize content for YouTube, YouTube Shorts, TikTok, and Instagram Reels to support retention and platform performance.

Video Editor / Manager

2021 - 2023

Underscore Talent

- Edited short-form and long-form viral content at scale for Facebook and Snapchat, producing millions of daily views.
- Maintained brand consistency for Dude Perfect, David Dobrik, Celina Spooky Boo, and other large creator brands.
- Managed editorial workflow and collaborated with creators and producers on creative vision, notes, and guidelines.

Video Editor

2021 - 2022

Code Miko YouTube Channel

- Sole editor for Code Miko's YouTube and Snapchat channels, cutting short-form and long-form content for 574K+ subscribers.

Co-Owner / Editor / Videographer

2018 - Present

Recording Videography

- Film, edit, color grade, and deliver premium wedding packages including motion graphics, drone footage, and live audio.

EDITORIAL FIT

- Built for social-first teams that need speed, taste, platform fluency, and brand consistency.
- Comfortable handling high-volume weekly schedules, creator/client notes, and fast turnaround deadlines.
- Strongest lane: short-form commentary, entertainment, podcast, and creator content optimized for retention.
